

Dear International Campaigners,

We cordially invite you to celebrate the 30th Anniversary of the Erasmus programme with us here in Düsseldorf.

Please come and discuss with us its future in the current political situation as well as the programme's changing parameters.

Get to know your three partner universities HHU, HSD and RSH as well as the city of Düsseldorf as a university city with a powerful economy and a strong international focus and gain your own personal impression of the many outstanding opportunities to study here.

International students greatly appreciate the high-quality supervision at our three universities. The very active Erasmus Student Network (ESN) ensures a perfect start and excellent social integration.

Form your own opinion and at the same time enjoy Düsseldorf with its christmas markets during the advent season.

Help us to make our university even more attractive for your students, strengthen our existing partnership and make new contacts with us and our partners!

We look forward to welcoming you to Düsseldorf.
